Pathology: The Art and Science

As part of National Science Week event, we will be taking over the SCGH Art Gallery to present spectacular images produced by Pathologists and Medical Researchers as part of the art and science of Pathology.

Open to the general public, the exhibition will show the beauty within disease processes as well as highlight some of the medical research being undertaken in Western Australia.

The Exhibition opens on Monday 17th August and runs until Friday 4th September.

Show Me the Money! – Finding Research Funds using COS

Everyone knows that the NHMRC funds medical research but what about the hundreds of other funding bodies. COS is a database filled with local, national and international funding opportunities across all disciplines.

Along with ad hoc searches, researchers can link into the Funding Alert Service and have grant opportunities emailed directly to your desktop. These can be as broad or as focused as you require.

The Research Grants Office website contains a number of tutorials on using the full range of facilities that COS has to offer. Further information can be found at http://www.research.uwa.edu.au/welcome/research_services/research_grants/finding_funding/cos

New Staff

Mr John Koppen will be joining Dr Alison Jennings to investigate aspects of Multiple Sclerosis. He can be contacted on 9346 2706.

Library Training Sessions

Searching the Literature and Citation Tracking
Monday 10 August, 3:30-4:30pm
Advanced searching skills for literature reviews and tracking research in your field.

Managing your Information (Endnote)
Wednesday 12 August, 5:00-6:00pm
Using Endnote to store references electronically and produce a bibliography in your chosen style.

Please contact a librarian to reserve a place in any of these sessions – 9346 7576 or medlib@library.uwa.edu.au

Upcoming Deadlines

August – IPRS/SIRF Scholarships
September – Semester 2 Exam Questions
October – Budget Finalisation
October – SPOT Questionnaires

UWA Open Day

Members of the School will be flying the flag for Pathology and Laboratory Medicine at the UWA Open Day on Sunday 9th August. We will be located in the Molecular Biology Building on the main campus as part of the courses on offer through the Faculty of Life and Physical Sciences.
